

The Numbers Tell a Story

In 1952, five mothers came together with a great idea: to find a better way for the community to care for children with developmental disabilities. They planted a seed and Pathlight was born. Today, we serve people in all stages of life. Here are a few program highlights from our fiscal year 2021. We can't do our work without YOU! Thank you so much for your help.

Whole Children & Milestones

131 children, teens and adults with developmental disabilities and autism participated in 129 online classes

Autism Connections

228 people including individuals with autism, family members and professionals virtually attended the 30th annual Autism Connections Conference

Shared Living & Adult Family Care

118 people opened up their homes to one or more people with developmental disabilities to live with them and receive services from Pathlight

100% of donations are spent locally

Family Support Center

412 individuals served in Franklin and Hampshire counties

Autism Connections

Responded to **1000** requests for free information and referral services
